
Cognitive Walkthrough: Tasks

T1 Log out of planBar and log in again.

T2 Change your personal time budget.

T3 Filter the view so that only exams (only) week May 16 2022 are displayed.

T4 Switch to the semester exam overview.

T5 Create a homework assignment for the subject "English" and a suggested workload of 20 minutes to be completed by Friday of the current week.

T6 Change the status of the previously created assignment to "started".

T7 Edit the workload time for the previously created assignment to 30 minutes.

T8 Change the priority of the previously created assignment to "unimportant".

Additionally, the participants were asked to describe the workload chart for the week of May 16 2022 and explain what is being displayed. They also had to explain how changes to the assignment's attributes would influence the visualization.
